

**NRCI Community Mental Health Conference
2025 Presentation Application
Conference Focus: Understanding and Supporting Neurodiversity**

Submission Preparation Checklist:

Breakout Session:

- Proposed Title/Focus
- Description of presentation (content and purpose) – two paragraphs
- 1-3 learning objectives that can be measured or evaluated (The participants will...) Use words like define, describe, identify, explain, discuss, develop, etc.
- Short bio that highlights expertise in the program topic (we can get your full bio later if you don't have one prepared)
- Academic citations/references that support the foundation of your presentation (minimum of 3 published within the last 10 years; must be peer-reviewed and listed in APA style). These are required for our Office of Continuing Education process. If you're not sure if what you have meets criteria we can make that determination and assist you with meeting the requirement, enhancing, not changing, your work.

Poster Presentation

- Brief description of poster (1-2 paragraphs)
- Citations in APA format as applicable
